November Meeting Details

Vulnerability Assessments

Date: November 8th, 2012

Time: Registration 11:30 AM | Lunch 12:00 PM| Presentation 1:00—3:00 PM

Location: Lidia's Italy of Kansas City | 101 West 22nd Street | Kansas City | Missouri | 64108

CPE: 2 Credits. NOTE: *The actual CPE hours granted are dependent upon duration of the speaker's presentation and may differ from the advertised number of CPE hours.*

Price: $35 members | $50 guests | $5 students

Menu: Insalata Caesar alla Lidia | The Pasta Trio | Biscotti Platters | Lidia's Blend Coffee, Soft Drinks and Teas

Registration: www.isaca-kc.org by Monday, November 5th.

Presentation Overview:

Ryan Bachman and Thad Bogner will be demonstrating techniques of how to break into a network. They will be demonstrating pentesting tools and techniques as well as discussing important policy decisions that will greatly reduce a company's attack surface. In addition, they will provide case studies based on common vulnerabilities that they have seen in their security testing as well as easy ways to help prevent many of the tactics hackers use to get into computer networking environments.

Speakers:

Ryan Bachman is a Director in the Advisory Security practice of PwC focusing in assessment, design, and implementation of security architecture and strategy. He was responsible for information security strategy, policy, standards, awareness, assessment and oversight, as well as privacy and data governance. With over 7 years of Big 4 consulting experience specializing in Information Security and Privacy, Ryan also augments his consulting experience with over 5 years of private industry experience serving within an IT and Information Security organization of a Fortune 50 global telecommunications firm and a major broker-dealer/bank. Ryan is a Certified Information Systems Security Professional, Certified Anti-Money Laundering Specialist, and a HITRUST Certified Assessor.

Thad Bogner is a senior associate in the Advisory Security practice of PwC where he leads PwC's national attack and penetration core team. He has performed dozens of attack and penetration assessments using a combination of commercial, open source, and manual pentesting methods. Thad is the founder of multiple DEFCON security groups in Northern California and is a member of a globally recognized team of security professionals which compete in ethical hacking competitions, including DEFCON and DerbyCon. He is also a Certified Information Systems Security Professional (CISSP).

The choice is clear...

ISACA® Training

Upcoming Events

Information Security and Risk Management Conference
November 14th—16th in Las Vegas

Number of CPEs:
32

The North America ISRM/IT GRC is a multidimensional event featuring audit, security, and risk content, as well as the audit and security programs, tools and resources you need to be responsive to industry changes. It is THE premier conference on information security, governance and risk management.

This year, the conference is being held at Mirage Hotel Las Vegas.   For more information, visit http://www.isaca.org/Education/Conferences/Pages/North-America-ISRM-ITGRC.aspx

ISACA Virtual Conference on Cloud Computing Strategy
December 12th Online

Number of CPEs:
5

Cloud security has rapidly evolved from custom coded, loosely interpreted standards applied to a handful of cloud partners, to ready cloud security frameworks/products that deliver true "out of the box security" across many partners. Join ISACA on December 12th for a FREE all-day webinar on cloud computing. You'll learn how to use the Cloud Security Readiness Tool to simplify decisions about "going into the cloud", utilize COBIT 5 for Information Security to identify security factors to be considered, and much more.

For more information or to register, visit http://www.isaca.org/Education/Online-Learning/Pages/Virtual-Conference-Secure-the-Hybrid-Cloud.aspx.

Welcome to the Kansas City Chapter of ISACA!!

Rob Arnold	Fridolin Luchidio	Perry Siplon
Josh Bloss	Ryan Partee	William Swanberg
India Ewing	Carlos Rodriguez	Paul Wilson
Paul Lichtas	Kim Rowlen	

DON'T FORGET !

It's renewal time again. Don't forget to renew your membership so you can continue to receive the many benefits that ISACA membership has to offer. And, if you're a certification holder, don't forget that December 31st is the deadline for submitting your CPEs for the 2012 reporting year.

Not an ISACA member yet?

If you purchase a 2013 membership now, you'll receive the remainder of 2012 for FREE. Not to mention discounts on local meetings and training events, ISACA publications and national conferences. You can find more information about membership and apply online at http://www.isaca.org/Membership/Join-ISACA.

News from ISACA

New SOC 2 User Guide Available

ISACA has just published a SOC 2 User Guide in conjunction with AICPA. For those not familiar with it, SOC 2 is a Report on Controls at a Service Organization Relevant to Security, Availability, Processing Integrity, Confidentiality or Privacy. The guide is intended for those evaluating a service organization's SOC 2 report as part of a governance, risk and compliance (GRC) program; vendor assessment; security evaluation; business continuity plan or other control evaluation. It can be very useful when considering a new vendor as part of the request for proposal (RFP) process.

The User Guide is available as a free download to all ISACA members or the e-book version can be purchased for $35 (members or $75 (non-members). To download or purchase the guide, visit http://www.isaca.org/Knowledge-Center/Research/ResearchDeliverables/Pages/SOC-2-User-Guide.aspx.

NOTE: This guide complements the white paper titled "New Service Auditor Standard: A User Entity Perspective" which is available at http://www.isaca.org/service-auditor-standard.

Become an ISACA Volunteer

If you'd like to play a part in ISACA's direction, want to improve its services or benefits for members, or are interested in some of the research projects that are being undertaken, becoming an ISACA volunteer is your chance. Volunteers are needed in the following areas:

♦ Membership ♦ Certification ♦ Education ♦ Research ♦ Governance

Applications for 2013-2014 appointments are due by February 14, 2013. To find out more or to volunteer yourself or someone else, visit http://www.isaca.org/About-ISACA/Volunteering.

Get Involved: Write an Article for the Newsletter!

We are always looking to add new and interesting content to the newsletter and are accepting article submissions from our members for consideration. To be considered for publication, articles must meet the following criteria:

- Word or text document format with 500 words or less
- Relevant to ISACA, IT Governance, IT Audit, Information Security, etc.
- References to all applicable sources, including the title, author, and date written.

To submit or for more information, please email newsletter@isaca-kc.org.
